

HAND TOOLS

JCB, a name synonymous with quality construction equipment worldwide. The story of JCB is a story of innovation, ambition and hardwork. From small beginnings, building agricultural equipment in 1945, to the formidable name it has carved out today, JCB has constantly pushed boundaries in their desire to be the best.

Having conquered the mighty equipment market & still growing foray into the Hand & Power Tools Segment was a logical extension to business. Starting successfully with Europe, JCB has now ventured into the Indian market to satisfy the growing need for superior quality Hand Tools. The range of tools has been specially designed & manufactured to serve robust usage & longevity - a requirement that was unfulfilled by available tools so far.

So, if you want hand tools that get the job done properly, then JCB have everything you need!
