

HAND TOOLS

JCB, a name synonymous with quality construction equipment worldwide. The story of JCB is a story of innovation, ambition and hardwork. From small beginnings, building agricultural equipment in 1945, to the formidable name it has carved out today, JCB has constantly pushed boundaries in their desire to be the best.

Having conquered the mighty equipment market & still growing foray into the Hand & Power Tools Segment was a logical extension to business. Starting successfully with Europe, JCB has now ventured into the Indian market to satisfy the growing need for superior quality Hand Tools. The range of tools has been specially designed & manufactured to serve robust usage & longevity - a requirement that was unfulfilled by available tools so far.

So, if you want hand tools that get the job done properly, then JCB have everything you need!

NUMBER & LETTER PUNCHES

- Manufactured from select quality carbon steel
- Individual Punches are through induction hardened, which imparts durability and extended life for repeated use
- Hardness at Stamping end : 58-62 HRC
- Hardness at Striking end : 38 – 42 HRC. This prevents splintering of the punch
- Chamfered striking end prevents breakage and accidents due to flying splinters
- Number Punch Set contains 9 pieces - '0' to '9'. Numbers '6' & '9' are interchangeable
- Letter Punch Set contains 27 pieces, alphabets 'A' through 'Z' and ampersand '&'

ORD. #	STAMP SIZE	
NUMBER PUNCHES		
22026159	5/32"	4 mm
22026166	1/4"	6 mm
LETTER PUNCHES		
22026173	5/32"	4 mm
22026180	1/4"	6 mm

COLD CHISEL

- Forged construction
- Ground cutting edge induction hardened 52–58 HRC, for long & trouble free performance
- Hardness at the striking end is under 42 HRC:to prevent splintering in use
- Shank is powder coated and the cutting edge is accurately ground

ORD. #	BLADE WIDTH		STOCK SIZE		OVERALL LENGTH	
22026357	3/8"	10 mm	5/16"	8 mm	5.1/2"	140 mm
